Custom Wreaths, Greenery for Holidays

Custom Orders

This week only

Are you so busy this week doing your final arrangements for your holiday, that you would love to have someone do it for you?! This week only Cathy Testa of Container Crazy CT is available to make a custom wreath, kissing ball, candle centerpiece, and even something as unique as a tree skirt with fresh evergreens for you.

Cathy Testa's Virtual Store is located in Broad Brook, Connecticut, and can be reached at 869-977-9473 (text or call). You may look at her website called ContainerCrazyCT.com to see examples of her work or visit her Instagram pages. She is also on Facebook under Cathy T's Landscape Designs and Container Crazy CT.

Her evergreen creations for the holidays include a mix of Cedar, Holly, Boxwood, Pine, variegated Holly, Juniper, Yew, and more.

Perhaps you're in need of some beautiful greens to put upon your fireplace mantle, on your holiday table, or around a beautiful glass globe with a candle. We have beautiful Port Orford cedar available in bundles for you to use in your own creations at home. You can even pick up a box of mixed greenery based on your budget.

We hope to hear from you!
